Please read through the instructions below to familiarize yourself with the parts and steps before assembly.

⚠ Do not start the assembly process until all boxes are present.

ASSEMBLY INSTRUCTIONS

Step 1

Please lay all parts on a soft and smooth surface to assemble.
Take out the Left Arm (A), Right Arm (B), hardware pack and Legs (E) from the Arm Box.

Step 2

Place the armless chair, Left Arm (A) and Right Arm (B) on the floor and black fabric facing you, and attach the Left Arm (A) and Right Arm (B) to the armless chair, using hardware pack from the Armless Box (Flat Washers (J), Bolts (H) and the Allen Wrench (L)). Fully tighten and zip up the bottom of the Seat Base.

Step 3

Rotate the legs firmly.

Note: Legs are separately packed in the Arm Box and the Armless Box.

HOW TO CONNECT

Step 1

Place the chairs side by side on the floor and black fabric facing you. Connect each chair using M8 x 70mm bolts, flat washers, butterfly nuts, and the allen wrench. Fully tighten.

Step 2

Gently place the sofa in the upright position. It's best to have two people lift the sofa - one at each end- and place it on its legs.

Attach the corner connectors and square connectors, using M8 x 20mm bolts and the allen wrench. Loosely attach the bolts to get the alignment right rather than fully tightening one before others. Once all bolts are aligned, fully tighten them.
